# Channeled Energy Readings

**CARD READING | CEREMONY | HEALING | BLESSING**

In my Channeled Energetic Readings, I weave together intuition, affirmative oracle cards, ceremony, and the presence of ancestors, angels, and spirit guides. These sessions are not predictions - they are revelations. Each reading offers confirmation, clarity, comfort, and soul-deep insight, guiding you toward the answers and affirmations you've been seeking.

Whether in a one-on-one session, a circle, a workshop, or a retreat, together we cultivate moments of stillness, resonance, and renewal. This is a space to not only heal but to expand—to trust yourself, embrace your truth, and move with freedom into the life you are meant to live.

If you feel the call to connect more deeply with your higher self, I invite you to book a Channeled Energy Session with me. It would be my honor to walk with you, hold sacred space, and help illuminate the path that is already waiting within you.

***If your heart is stirring, if your questions have gone unanswered for too long, or if you're simply ready to feel like yourself again...***

**This is more than a session —  
it is a sacred doorway.  
A moment in time carved out  
just for you, where the noise  
of the world fades and you  
are met with the quiet truth  
of your own soul.**

## What You'll Experience

### **An Intuitive Oracle Card Reading**

This is not a quick card pull. It is a conversation between your soul and the Universe, using sacred imagery and symbolism to uncover what's hidden, confirm what you've sensed, and illuminate what's next. The cards meet you exactly where you are, answering questions that have lingered quietly — or loudly — in your heart for far too long.

### **A Sacred Candle Ceremony**

Fire has been used for centuries in spiritual traditions to release, transform, and invite in the new. During this ceremony, a flame is lit with intention — for your healing, your clarity, your peace. The candle becomes a living prayer, carrying your desires upward and illuminating your path forward.

### **Reiki Energy Healing**

Your body holds memories, emotions, and energy patterns that shape your life. Reiki is a gentle yet powerful way of shifting what no longer serves you and replenishing what your spirit is longing for. Through light touch or energy transmission at a distance, you'll feel supported, rebalanced, and restored at the deepest levels.

### **A Prayer of Blessing for Your Purpose**

We will close with a spoken blessing, a weaving of words and intention, crafted for you and your unique journey. This is not just a prayer — it is a declaration that you are ready, worthy, and supported.

## **Why People Book This Session**

For some, it's to finally get clarity on a decision that's been weighing on them.

For others, it's to understand the deeper "why" behind recurring patterns in their life.

And for many, it's to reconnect to their own inner wisdom — that quiet voice that's so easily drowned out by the demands of everyday living.

Whether we meet virtually or in person, you'll leave feeling lighter, clearer, and more deeply connected to yourself.
